

BUSINESS

PRICEWATERHOUSECOOPERS (PWC)

PwC is a world leading professional services organisation, providing expertise to many businesses and entrepreneurs on aspects such as tax, IT, and financial deals.

Business Insight Week

PwC offer a business insight week for students in year 12 to gain an insight into a career in business. Throughout the week, you will receive training related to your role, employability skills workshops, work alongside employees in an office of your choice, working on live projects and buddying up with a PwC Higher Apprentice. In addition on the last day, you will experience a real Assessment Day and receive guidance on the opportunities that PwC could offer you in the future. To apply, you will need to complete an online application form, complete some verbal and numerical tests and also have a telephone interview. The placements will be during the summer between year 12 and 13 and last for a week.

ERNST & YOUNG

Insight Days

Insight days are for students in years 12 or 13. On the day you will receive information and support to help you make your future decisions on your study options available to you. You'll also meet business people, support for job applications and network with other young people.

Smart Futures

Smart Futures is a three week paid programme for year 12 students in one of EY's offices. During this time, you will have the chance to learn about different work areas, interact with, and learn from entrepreneurs and senior business people, meet other organisations from across different industries, from the arts to financial services and healthcare, to gain hands on experience of business. Following the programme you will then be assigned a mentor who will support you throughout year 13, providing advice with decisions about further education and careers.
