

## ENGINEERING

### ROLLS ROYCE

Rolls Royce offers a work experience programme for 14 to 19 year olds to give young people more of an insight into the world of engineering. Due to the high volume of requests Rolls Royce receive, requests can only be accepted from schools or colleges and not individual students. Fill out the attached spreadsheet on the website by getting your teacher to do so or [click here](#) to open up the attachment. This would probably be your careers adviser or anyone in charge of work experience. Once completed, email the spreadsheet to [workexperience2@rolls-royce.com](mailto:workexperience2@rolls-royce.com).

Find out more: [www.rolls-royce.com/careers/students\\_and\\_graduates/education\\_and\\_work\\_experience/Work\\_experience\\_for\\_14\\_19\\_year\\_olds/](http://www.rolls-royce.com/careers/students_and_graduates/education_and_work_experience/Work_experience_for_14_19_year_olds/)

### ASTON MARTIN

Aston Martin also offers the opportunity for young students to undertake a one week's work experience placement available in various business functions. Work experience is available for students aged between 15 and 17 who are currently enrolled in a local school or college. To apply, download the work experience application from the website or click here to open up the attachment and email to [rcolley@astonmartin.com](mailto:rcolley@astonmartin.com). Alternatively post to address given in the form.

Find out more: [www.astonmartin.com/careers/internships](http://www.astonmartin.com/careers/internships)

### JAGUAR LANDROVER

Jaguar Landrover work experience placements are highly competitive you have to keep checking as the application gap is quite tight to apply so keep your eyes peeled on their website for changes.

### THOMAS DUDLEY

Thomas Dudley is a leading UK engineering manufacturer. Based in the heart of the West Midlands, their plastic moulding and foundry divisions engineer high quality, innovative bathroom products and iron castings. As a British, family owned and managed business, they value their dedicated and loyal workforce and invest heavily in the very latest technologies. Having linked with Thomas Dudley for the first time this year they are very keen to meet with budding engineers of the future.

Find out more—Thomas Dudley require you to complete an application form (See Miss Wilkins) but also like a letter detailing what and why you are interested in an Engineering Career.
