Dear Parents and Carers

### **Wellbeing Charter Mark**

As you will know we are always striving to improve our offer to our students and their families. Part of this is reviewing what we do and gathering student voice and the views of our wider community including parents and staff.

We are working towards receiving accreditation with the Wellbeing Charter Mark. As a part of this we are asking our families to complete a brief survey which will provide the information that is needed for our action planning and so that we have a clear understanding of where we are as a school.

If you are able to support us with completing this survey please click below. You will see that there is a letter initially providing information about what this data will be used for.

Many thanks for your support.

Gemma Tillotson  
Assistant Headteacher
