Tuesday 19<sup>th</sup> December 2023

Dear Parent/Carer

### **GCSE Statistics**

I am writing to inform you that your child has been selected to sit an additional GCSE subject. Due to their exceptional progress and attainment in GCSE Mathematics, we will be entering them for the GCSE in Statistics.

This is an excellent opportunity for your child to obtain another GCSE qualification to open further options for post-16 education and/or employment.

The content needed to succeed in the qualification is very similar to the content covered in their GCSE Mathematics with a couple of additions. These additions will be taught in an extra lesson on student timetables as shown below:

### **Monday, Period 4, E406 with Mr Dryburgh**

The course is assessed by 2 examination papers in the Summer Term, currently timetabled for Wednesday 5<sup>th</sup> June and Monday 17<sup>th</sup> June – both PM examinations.

Further information on the course can be found at  
<https://qualifications.pearson.com/en/qualifications/edexcel-gcses/statistics-2017.html>

There is also a resource website that students can use at:  
<https://www.mathsgenie.co.uk/statistics.html>

Here you can find practice exam papers and the list of additional topics that need to be covered.

If you have any questions please contact me on the details below

Yours faithfully

Mr B Millington  
Acting Head of Mathematics
