Dear Parent/Carer

Pen-friend Project/German

Your child has recently participated in a Year 8 pen-friend project with our partner school, the Emmy Noether Schule in Neuenkirchen, Germany. This has brought significant benefits by broadening the students' language skills as well as their cultural knowledge of life in Germany and has created the opportunity for friendships with students in another country.

Some of our students have expressed that they would like to continue this correspondence independently, as have the students in the German school. If your child wishes to keep in contact with their German pen-friend, we can facilitate this as a school. This would require sharing your child's email contact (it needs to be their private e-mail address rather than the school e-mail, which does not accept any e-mails sent from outside our organisation) and signing the attached form below, giving consent for us to pass on this contact to the German school. If you prefer to give your consent electronically via the attached link, please click below:

<https://forms.gle/FLMMaAvtWEH1tkyz9>

Yours sincerely

*A. Thomson*Mrs A. Thomson
Acting Deputy Head of MFL

✂.....

I give consent for my child's email address to be forwarded to the Emmy Noether Schule, in order to facilitate independent correspondence with their pen-friend.

Name of child..... Form.....

Child's private email contact:
